**Subject:** COVID-19 Reminders for All Members

Good morning, IBR members,

We wanted to send a few quick reminders, in light of the ever-changing landscape.

- Please refer frequently to the [COVID-19 page on the Ithaca Board of Realtors website](#), detailing the latest news related to the COVID-19 pandemic and the real estate industry. Changes and updates are being made as they are received by us. Additionally, you may want to monitor the [NYSAR COVID-19 website](#) that has been established for the same purpose. Answers to many of your questions are there. The IBR is taking its cues from NYSAR, so we will never have more updated information or better answers.
- If you have questions about what is or is not allowable, please direct your questions to the [NYSAR Legal Hotline](#), which is active and open from 9am until 4pm. *Please do not correspond via email among groups of real estate professionals about the appropriateness or legality of actions of others.*
- Finally, it is very important that that your listings do not present inaccurate information about showings; update your listings and listing remarks as appropriate to reflect the situation.

As always, we will assist you as much as we can, given these unusual circumstances.

Thank you, and stay safe!

IBR Staff

Ithaca Board of Realtors  
Joshua Adams, Executive Officer  
Amanda Morse, Administrative Assistant
