Subject: Daily Update - April 23, 2020 - How to Secure Your Business Through the CARES Act

April 23, 2020

Dear NYSAR members,

In anticipation of the replenishment of the CARES Act, NAR has produced a video, **["How to Secure Your Business Through the CARES Act"](#)** to quickly help members secure funds. It features REALTORS® with different business structures and sizes, sharing how they successfully obtained Paycheck Protection Program (PPP) and Economic Injury Disaster Loans. You will also hear tips on navigating the SBA website, what forms to have on-hand when applying, and how to find a lender.

You can view this video by clicking on the NAR logo below.
