May 11, 2020

Dear NYSAR members,

Today Governor Cuomo announced that three regions of New York would begin to reopen on Friday, May 15. According to the Governor, the Finger Lakes, Mohawk Valley and Southern Tier regions all met the seven health metrics required to begin Phase One of New York State's regional reopening plan. The status of each metric for New York's ten regions can be seen [HERE](#).

Phase One business activities include manufacturing, construction, wholesale supply chain, retail for curbside pickup, agriculture, forestry and fishing. Please note that real estate is listed in Phase two of the Governor's four phase plan. More details on Governor Cuomo's announcement can viewed [HERE](#).

More details will follow as they are released by the state.
