Subject: Phase 2 Video Guidance from NYSAR

June 18, 2020

Dear NYSAR members,

As many regions across New York re-open under Phase 2, real estate licensees need to follow the guidance provided by the New York State Department of Health (DOH). NYSAR has developed this webinar to help you understand the guidance document such as what is required vs. what is a best practice. It is important for all real estate licensees to follow the guidance and help to minimize the potential of COVID-19 exposure.

This webinar will also be available on [nysar.com](https://www.nysar.com) for your viewing.

Should you have any further questions, The legal hotline is available Monday-Friday, 9:00am-4:00pm at 518-436-9727 or 518-43-NYSAR.
