Subject: Daily Update: Financial Aid Programs Available

June 24, 2020

Dear NYSAR members,

Even though many REALTORS® are back to work, there are still programs at the state and national level that can assist in economic recovery as a result of the COVID-19 pandemic. The funding for many of these programs has been extended and should still be taken advantage of, if needed.

Please watch the video below from 2020 NYSAR President Jennifer Stevenson, who gives an overview of a few of these programs and where to go if you need assistance.

For your convenience, here are the links to the programs mentioned in the video:

[NY Forward Loan Program](#)

[PPP Loans](#)

[EIDL Loans](#)
